AIM Pediatric Therapy

Brampton & Mississauga

Unified Digital Platform

Proposal & Project Overview

Replacing Clockify · Wix · Square with one HIPAA-compliant platform

Presented by Technology Consultant | March 2026 | Confidential

08 Next Steps

The Opportunity

AIM Pediatric Therapy is ready to replace three disconnected, non-compliant tools with one unified platform.

3	~$230/mo	0	100%
Tools being replaced	Net monthly savings	HIPAA compliance today	Target compliance

Problem

- Wix — intake forms, no HIPAA
- Clockify — scheduling tracking
- Square — manual invoicing
- Legal liability exposure

Solution

- One unified web app
- HIPAA-compliant on AWS
- Automated billing & payroll
- Five role-based portals
- Full audit trail

Outcome

- Save ~$230+/month
- Legal compliance achieved
- Zero manual invoice work
- Therapists paid automatically
- Families self-serve online

Current subscriptions — full picture.

Wix stays for the marketing website. Clockify and Square are eliminated by the new platform.

Clockify

Scheduling & time tracking

⚠ No HIPAA BAA · manual cross-check

No sync

Square ×2

Client invoicing

⚠ No HIPAA BAA · manual process

No sync

Wix (kept)

Marketing website only

✓ Intake forms migrate to new platform

Fixed business cost — stays regardless

Wix — kept for marketing website		~$141/mo ($1,695/yr)
Domain	$93.65/yr	~$8/mo
Premium Plan	$650.20/yr	~$54/mo
Business User	$910.28/yr	~$76/mo
Email Marketing	$41.01/yr	~$3/mo

Eliminated by new platform

Replaced by new platform → $0	
Clockify (Team)	~$140/mo
Square (×2 accounts)	~$90/mo + fees
Total eliminated	**~$230/mo**

One Platform. Five Portals. Full Compliance.

AIM

Unified Platform

Super Admin

Full access

Admin Portal

Scheduling · Clients

Family Portal

Sessions · Invoices

Accounting

Billing · Payroll

Therapist

Schedule · Notes

HIPAA Compliant

AWS Hosted

Auto Billing

Auto Payroll

Full Audit Log

Workflow 1 — Client Intake & Registration

From first contact to active client — fully automated.

1	2	3	4	5	6	7
Family contacts AIM	**Fills intake form**	**Selects services + pays**	**Portal account created**	**Admin books intake**	**Assessment complete**	**Client → Active**
Phone · Email · Website	Self-serve on portal	Live bundle pricing	Auto via email	Assessment scheduled	Report written	Regular sessions begin

Intake Assessment Bundle Pricing

ABA only	$275	—
Speech only	$275	—
OT only	$275	—
Any 2 services	$350	Save $200
All 3 services	$550	Save $275

HIPAA Safeguards in Intake

- Payment processed via Stripe — PCI-DSS compliant
- Card data tokenized — never stored in AIM database
- All form data encrypted at rest (AES-256)
- Consent signatures stored with audit timestamp
- Family portal account created with invite-only access

Workflow 2 — Session Scheduling & Management

One calendar. Role-based access. Automated notifications.

Super Admin

- View all sessions across all locations
- Book, edit, cancel any session
- View client names + clinical notes
- See rates and billing on sessions
- Full audit trail of all changes

Admin

- View all therapist calendars
- Book sessions for any client
- Edit and cancel sessions
- See new session button
- Add extra time (late pickup etc.)

Therapist

- View their own schedule only
- Monthly and weekly calendar
- See all therapist availability
- Request cover if needed
- Mark sessions complete/no-show

Accounting

- View completed sessions
- See billing rate per session
- Access for payroll calculation
- No booking capability
- Read-only access

Workflow 3 — Cancellation Policy (Automated)

System enforces policy automatically — no manual tracking needed.

Cancelled 24+ hours before	Free emergency cancellation	Late cancel (under 24 hrs)	No Show
Client charge	**Client charge**	**Client charge**	**Client charge**
No charge — $0	No charge — $0	Charged 50% of session rate	Charged 50% of session rate
Therapist pay	**Therapist pay**	**Therapist pay**	**Therapist pay**
Not paid — $0	Paid if came to clinic (centre task rate)	Paid if came to clinic (centre task rate)	Paid if came to clinic (centre task rate)
No freebie consumed	1 free per client per month Resets on 1st of month	Invoice auto-generated at 50% rate	Therapist marks No Show in app

System automatically checks freebie status → calculates charge → generates invoice → notifies therapist and family. Zero manual work.

Workflow 4 — Weekly Billing Cycle (Automated)

Invoices build themselves. Admin reviews. Families pay in one click.

MON	TUE	WED	THU	FRI	SAT	SUN	MON	TUE
Sessions run	Sessions run	Sessions run	Sessions run	Sessions run	Sessions run	Week closes	Admin reviews draft invoices	Invoices sent 9AM auto

4 Invoice Types

Weekly Session

Auto-generated every Tuesday after admin review. All sessions for the week bundled.

Intake Assessment

Generated at form submission. Bundle pricing applied. Paid immediately by family.

Group Program

Generated at enrolment. Must be paid in full before scheduling begins.

Cancellation Charge

Auto-generated on late cancel or no-show. Added to weekly invoice at 50%.

Workflow 5 — Therapist Payroll (Automated)

AIM generates pay statements. Therapists review. No more manual invoice cross-checking.

CURRENT PROCESS ✗

- Therapist manually tracks hours
- Therapist sends invoice to AIM
- Accounting cross-checks with Clockify
- Email back and forth for discrepancies
- Days of manual reconciliation
- Risk of errors and disputes
- Clockify is a separate system

NEW PROCESS ✓

- System records every session automatically
- Pay statement generated by system on 15th & last day
- Therapist reviews statement in portal (48hr window)
- Disputes raised in-app — no email needed
- Accounting approves in one click
- Payment sent automatically on schedule
- Clockify completely eliminated

Pay periods: 1st–15th (paid on 15th of following month) · 16th–last day (paid on last day of following month)

Workflow 6 — Location-Based Pricing & Rates

Brampton and Mississauga have different rates. All managed by Accounting only.

Brampton Price Group	
Service	Rate
ABA Direct — Clinic	$65/hr
ABA Direct — In home	$80/hr
ABA Direct — Online	$65/hr
ABA Supervision	$80/hr
OT Assessment	$275
SLP Assessment	$275
Occupational Therapy — Clinic	$160/hr
Speech Therapy — Clinic	$160/hr
Late Pick up	$65/hr

Mississauga Price Group	
Service	Rate
ABA Direct — Clinic	$75/hr
ABA Direct — In home	$85/hr
ABA Direct — Online	$75/hr
ABA Supervision	$95/hr
Assessment — ABA/OT/SLP	$275
Occupational Therapy — Clinic	$180/hr
Speech Therapy — Clinic	$160/hr
Late Pick up	$75/hr
Cancellation — ABA Clinic	$37.50

⚠ All rates visible to Accounting and Super Admin only. Admin assigns price group name — never sees dollar amounts.

05

HIPAA

COMPLIANCE

Why it matters. What we do. What happens if you don't.

What is HIPAA and Does AIM Need It?

Yes — any organisation handling patient health information must comply.

HIPAA Defined

- Health Insurance Portability and Accountability Act (1996)
- US federal law protecting patient health information (PHI)
- Applies to all "covered entities" — including therapy clinics
- Penalties range from $100 to $1.9M per violation per year

AIM Is a Covered Entity

- AIM handles Protected Health Information (PHI) daily
- PHI includes: client names, diagnoses, session notes, DOB, insurance info
- Every intake form, session note, and invoice contains PHI
- All three current tools (Wix, Clockify, Square) have NO HIPAA coverage

What counts as PHI at AIM?

- Child's name + diagnosis
- Session notes + progress
- DOB + health card
- Insurance policy info
- Intake forms + consents
- Invoice with service type

HIPAA Requirements vs What We're Building

Every requirement mapped to a specific technical safeguard in the platform.

HIPAA Requirement	What we build to comply
Business Associate Agreement (BAA)	✓ AWS BAA signed — free via AWS Artifact portal. Makes AWS our compliant PHI processor.
Data encryption at rest	✓ All PHI encrypted using AES-256 in AWS RDS (database) and AWS S3 (documents).
Data encryption in transit	✓ All traffic uses TLS 1.3 — the strongest available. AWS Certificate Manager (free).
Access controls & authentication	✓ Role-based access control (RBAC). MFA required for Super Admin and Accounting.
Minimum necessary access	✓ Each role only receives the data their permissions allow. API enforces this — not just UI.
Audit controls & logs	✓ 7-year tamper-proof audit log. Every login, data access, and change recorded with timestamp.
User session management	✓ 30-minute auto-timeout. Re-authentication required. Invite-only portal access.
PHI disposal	✓ Data retention policies configurable. Secure deletion on account close. S3 lifecycle rules.

Consequences of Non-Compliance

Real penalties. Real examples. Real risk for AIM right now.

Tier 1	Tier 2	Tier 3	Tier 4
Did not know	Reasonable cause	Wilful neglect (corrected)	Wilful neglect (not corrected)
$100 – $50,000 per violation	**$1,000 – $100,000 per violation**	**$10,000 – $250,000 per violation**	**$50,000 – $1.9M per violation per year**

Real-World Examples of HIPAA Fines

Therapy clinic in Texas

$150,000

Unencrypted patient records on laptop

Medical practice (Florida)

$2.3M

PHI stored in non-compliant cloud tool without BAA

Children's hospital

$218,400

Unauthorized staff accessing patient records

Small therapy provider

$80,000

Using non-compliant scheduling software

Five Role-Based Portals — One Unified Login

Same app. Different access. Every role sees exactly what they need.

Super Admin

Clinic owners · Consultant

- Full access to all portals
- User management & roles
- CRUD permissions matrix
- System settings & config
- 7-year HIPAA audit log

Admin

Front desk · Coordinators

- Scheduling all therapists
- Client & intake management
- Monday invoice review
- Pending actions queue
- Family messaging

Accounting

Billing team

- Client invoicing & payments
- Therapist payroll run
- Rate management (hidden)
- OAP & insurance billing
- Financial reports

Therapist

All therapists (20–35)

- Own schedule calendar
- Session notes (2-tier)
- Cover request system
- Pay statement review
- Encrypted staff chat

Family Portal

Parents & guardians

- Child's sessions & progress
- Invoice & payment portal
- Auto-pay or manual pay
- Secure clinic messaging
- Documents & receipts

Role Access — Who Sees What

Sensitive data is restricted at database level, not just the interface.

Feature / Data	Super Admin	Admin	Accounting	Therapist
All therapist schedules	✓	✓	—	Own only
Book / edit sessions	✓	✓	—	—
Client profiles (basic)	✓	✓	Billing only	Assigned only
Client clinical notes	✓	—	—	Assigned only
Service rates	✓	—	✓	—
Therapist pay rates	✓	—	✓	—
Client invoices	✓	—	✓	—
Payroll reports	✓	—	✓	—
User management	✓	—	—	—
Audit log	✓	—	—	—
Session notes (write)	✓	—	—	Own sessions
Progress reports	✓	—	—	Own clients
Staff chat (DMs)	✓	✓	✓	✓
Family messaging	✓	✓	—	Assigned clients

Technology Stack & Hosting

AWS — HIPAA-eligible infrastructure. BAA is free. SSL is free.

Web Application	**React.js**	All portal interfaces — runs in browser
API Server	**Node.js**	Business logic, authentication, permissions
Database	**AWS RDS PostgreSQL**	Encrypted data storage — HIPAA eligible
File Storage	**AWS S3**	Documents, forms, reports — AES-256 encrypted
Authentication	**JWT + MFA**	Role-based login with multi-factor auth
Email	**AWS SES**	Invoices, reminders, portal invites
Payments	**Stripe / Helcim**	PCI-DSS compliant — card data never in AIM DB
HIPAA BAA	**AWS Artifact**	Free — signed online — makes AWS our compliant partner

Cost Comparison — Save Money & Get Compliant

The new platform costs less than what you're already paying for three broken tools.

Current Monthly Cost	
Wix (all plans — stays)	stays ~$141/mo
Clockify Team	~$140/mo
Square (×2 accounts)	~$90+fees
Total operational spend	**~$371+/mo**

Zero HIPAA compliance · Wix stays for marketing website

New Platform Monthly Cost	
AWS EC2 + RDS + S3	~$48
AWS SES + SNS + CloudWatch	~$10
Custom domain	~$2
Apple Developer (÷12)	~$11 (mobile phase)
Total (web only) — Full HIPAA compliance included	**~$63/mo**

Savings from eliminating Clockify + Square: ~$230+/mo · ~$2,760+/year · PLUS full HIPAA compliance

Implementation Timeline — Phased Approach

Web app first. Working system fast. Mobile app as Phase 2.

1 — Foundation
Auth, RBAC, AWS setup, BAA, Super Admin portal
April End

2 — Scheduling
Full scheduling module, cover requests, rooms
3–4 wks

3 — Intake
Intake form, pricing, payment, account creation
3–4 wks

4 — Billing
Invoice engine, auto-pay, price groups, rates
4–5 wks

5 — Portals
Admin, Accounting, Therapist, Family portals
4–5 wks

6 — Payroll
Pay statements, disputes, payroll approvals
2–3 wks

7 — Reports
All 17 reports, KPI dashboard, exports
2–3 wks

8 — Migration
Clockify CSV import, data mapping, validation
1–2 wks

9 — Mobile App
React Native iOS & Android (Phase 2)
6–8 wks

Ready to Move Forward?

Here's exactly what needs to happen to get started.

01

Approve this specification

Review and sign off on the project spec document. Confirm any open items (HST, clinical tools).

02

Create AWS account + sign BAA

Takes 1 hour. Free. This is the legal foundation for HIPAA compliance. We do this together.

03

Select payment gateway

Confirm Stripe or Helcim as payment processor. Create account. No monthly fee — pay-per-transaction.

04

Confirm HST with accountant

Which services are HST-exempt? System configured by Super Admin after confirmation.

05

Gather current data for migration

Export therapist list, client list, and Clockify history. We handle the import.

06

Development begins

Phase 1 starts. You'll see working software within 3–4 weeks of project kickoff.

Thank You

AIM Pediatric Therapy — Unified Digital Platform

Replace 3 tools	→ **1 unified platform**
Clockify+Square $230/mo	→ **$0 (eliminated)**
Zero HIPAA compliance	→ **Full compliance**
Manual payroll	→ **Automated statements**
Manual invoicing	→ **Auto Tuesday sends**
